
List of publications

- [1] G. Fernández-Alcober, I. de las Heras, Commutators in finite p -groups with 2-generator derived subgroup, *Isr. J. Math.* **232** (2019), 109–124.
- [2] I. de las Heras, Commutators in finite p -groups with 3-generator derived subgroup, *J. Algebra* **546** (2020), 201–217.
- [3] I. de las Heras, B. Klopsch, A pro- p group with full normal Hausdorff spectra, *Math. Nachr.*, to appear.
- [4] I. de las Heras, A. Lucchini, Intersection of maximal subgroups in prosolvable groups, *Commun. Algebra* **47(8)** (2019), 3432–3441.
- [5] I. de las Heras, G. Morigi, Lower central words in finite p -groups, *Publ. Mat.* **65(1)** (2021), 243–269.
- [6] I. de las Heras, A. Thillaisundaram, A pro-2 group with full normal Hausdorff spectra, arXiv: 2102.02117.
- [7] I. de las Heras, G. Traustason, Powerfully solvable and powerfully simple group, *J. Pure Appl. Algebra* **225(8)** (2021), 106714.
